Dear Sirs:

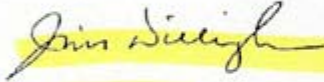

I believe our entire family is pleased with the way your firm handled the auction of my grandfather's estate this past Saturday.

It is difficult to dispose of an estate when there are many heirs involved. It appears that all our objectives will be met with the successful closing of this sale.

I was especially pleased that all family members with an interest in obtaining some portion of the estate were able to purchase the parts they wanted.

Thanks for the professional way you marketed and conducted the sale.

Sincerely,

Jim Willingham  
President
