RE: Estate of Nell E. Wadsworth

Dear Jack,

I just wanted to thank you and your staff for the great job you did today on the auction of the above property. I really appreciate the way everything was planned and handled in such a professional and efficient manner.

I was not familiar with the auction process but have learned a great deal from the experience and believe that this marketing approach is superior to normal real estate sale methods. I was also very pleased with the out-come of the sale.

Sincerely,

Bill Jenkins
Executor of the Estate
