RE: Auction May 01, 2004

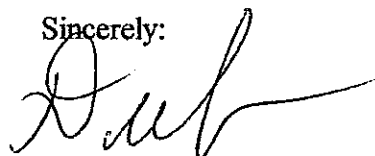

Guy,

I can't begin to tell you how much stress this auction took off our families. With all these odd lots and some members being out of state no one knew what to value this property. I mean this property is not in Salt Lake City, Utah, Dallas, Texas or Montgomery, Alabama either. When you don't live in the market you have to let the market set the price.

Everyone was quite satisfied with the results. Should you ever need a reference don't hesitate to call on me.

Thanks again.

Sincerely:

Wiley H. "Dub" Brown, Jr.
