Dear Jack,

We want to thank you and your crew for the excellent work they did for us today in selling our farm. We were well pleased with the professional manner in which the auction was carried out. You made a lot of winners today! We believe that the way your team divided up the land made a significant difference. You guys really put the best facets on our diamond.

We are confident that the auction program that you use rewarded us. We were tickled to hear a child in the crowd yell out when a bidder was delineated, "He's a winner!" Even the children were focused on the auction program. We noted several occasions where your skill was directly responsible for keeping everyone focused on the auction.

We would highly recommend your company to any and all sellers. We will always speak positively of our experience. Again, Thank you for making our buyers and us winners.

Sincerely
Mike and Lyrin Lindon
