April 19, 2022

Dear Mr Granger,

I want to thank you and everyone in your organization for the very professional way you handled the sale of our property in Cullman County.

You made everything so easy for us and saved us so much stress. The auction occurred on the day that Russia bombed a nuclear facility in Ukraine. I didn't know if that would make people fearful of making large purchases, but the ones really, really interested did come to the auction. You did an excellent job pointing out the beauty of the property. We enjoyed meeting the two men who bought it for their families. We had a great time with them at closing.

And by the way, we closed a week earlier than expected.

Again, thanks so much for everything.

Sincerely,

Barbara Baker
